Available NPT size long profile		1/4" MNPT		3/8" MNPT		3/4" MNPT		1" MNPT		
short - Pendoructor		N/A		3/4 MNPT or FNPT		3/4 MNPT or FNPT		N/A		
short - Pendoructor		N/A		1" MNPT		1" MNPT		N/A		

Example: If using a .30" orifice eductor - Providing 5 GPM per eductor will require 12 feet (5.2 PSI) of pressure.
 Total solution movement is 25 GPM. Flow rate through the eductor will be reduced with lower pressures.

Contact KTH Sales for assistance in selection of eductors with your pump.
